# WHAT IS WORK EXPERIENCE?

**Workforce Solutions Golden Crescent Work Based Learning Program** is a program that will offer job readiness and employment.

Work experience provides the opportunity for youth to develop competence and confidence as well as workplace skills in a real world work environment. Youth will be exposed to career awareness and exploration while developing their career plans and a commitment to lifelong learning.

The program expands young adults' choices by preparing them with necessary workforce skills needed to succeed as citizens and productive employees. Young adults have the opportunity to see knowledge applied in the real world of work while being offered interaction with positive, successful adult role models who provide guidance in setting and achieving goals.
